Alexandra Hospital for Children with Hip Disease

(In connection with St. Bartholomew's Hospital).

OBJECTS OF THE HOSPITAL.

The Hospital is for the reception, maintenance, treatment and education of children suffering from tuberculous disease of the bones and joints, and other orthopædic conditions.

RULES FOR ADMISSION.

Girls and boys are received up to the age of sixteen. A weekly contribution is required.

No child suffering from any infectious disease, or coming from an infected house, can be admitted to the Hospital.

All children should have been vaccinated before admission.

Application for admission should be made to the Secretary, to whom cheques, crossed and to order, should be made payable. Children living near the Hospital may be brought to be examined there by appointment with the Medical Superintendent. Patients unable to come to the Hospital for examination may obtain from the Secretary a form of medical certificate, to be filled in by their Medical Attendant, which, when completed, should be returned to the Secretary.

The collection of Letters of Recommendation for individual patients is not permitted.

OUT-PATIENTS.

Out-patients, who were formerly seen at St. Bartholomew's Hospital, by courtesy of the Treasurer and Almoners, are now seen *by appointment* with the Medical Superintendent.

VISITING DAYS.

The Hospital is open to visitors daily from 2-0 to 4-0 p.m., and to friends of patients on the second Saturday and the Sunday following the fourth Saturday in each month, from 2-0 to 3-30 p.m., or at other times by appointment with the Matron.

In order to avoid risk of infection, children under sixteen years are not admitted as visitors.

The Annual Report

OF THE ALEXANDRA HOSPITAL FOR CHILDREN WITH HIP DISEASE 1944

The Committee of Management have the pleasure of submitting to the Governors and Subscribers their seventy-eighth Annual Report.

Before reporting upon the work of the Hospital during the past year, the Committee have to announce with very great regret the retirement of Sir Girling Ball from the Chairmanship. Sir Girling Ball first became a member of the Committee and Surgeon to the Hospital in 1911, and he was elected Chairman of the Committee in 1931. Readers of the Report will be glad to know that Sir Girling Ball will remain a member of the Committee, and will also continue to be Surgeon to the Hospital. The Committee are very deeply sensible of all that Sir Girling has done for the Hospital in the period of thirty-four years during which he has been connected with it, and they trust that they may long continue to be privileged to retain his services, both as a member of the Committee and as Surgeon to the Hospital.

Mr. W. H. Whitbread was unanimously elected Chairman in place of Sir Girling Ball, and the Committee are sure that all the friends of the Hospital will wish to join them in wishing Mr. Whitbread a long, happy and successful term of office.

During the year the number of available beds was seventy-five, of which an average number of seventy-four was occupied. The number in Hospital at the end of the year was seventy-five, of whom forty-three children came from the County of Kent, twenty-seven from Bedfordshire, two from Surrey, two from Middlesex, and one from Suffolk. Fifty-five children were discharged during the year, but seven of these were, in fact, transfers to a general hospital for operation, and one was transferred to an isolation hospital. All of these were subsequently re-admitted for continuation of their treatment. Forty-seven children were discharged to their homes. Further particulars of the results of treatment will be found in the Medical Superintendent's report on page 11.

The Income and Expenditure Account will be found on pages 16 to 19. The Committee are very glad to be able to show a small excess of income over expenditure, and also to be able to announce the investment of £4,400 for the Building Fund, and £1,000, together with £809 7s. 6d., part of a legacy bequeathed by the late Miss Constance Harvie, and £25, the legacy of Miss Smithson, for the General Fund. In addition, a number of alterations have been made in the securities held, resulting in an increase of capital for

the General Fund of £888 10s. 4d., for the Building Fund of £7,273 9s., and for the Endowment Fund of £283 16s. 8d.

Voluntary contributions still continue to fall, and it is greatly hoped that this tendency may be reversed this year with the promise of better times to come. The Committee are most grateful to all those who have helped the Hospital financially, and in other ways, and they trust that such support may continue to be extended in the future. In spite of all economies consistent with the welfare and happiness of the patients and staff, expenses still increase. As reported last year, both the Rushcliffe Scale of salaries for the nursing staff, and also the Hetherington Scale for the domestic staff have been adopted, and recently the Committee agreed to the payment of the new Burnham Scale (1945) for teachers which became operative in April, 1945. The adoption of these official scales of salaries has inevitably entailed a considerable increase in the total spent on salaries and wages.

Again last year the Committee had the privilege of receiving a donation of £70 from the Alexandra Day Committee, the Hospital being on H.R.H. the Duchess of Kent's list. The Committee are very grateful for this help.

Our many friends in Luton continue to be most kind in every way, and the Committee are greatly indebted to them. They would also like to record their gratitude to the Luton Food Office, the Ministry of Labour, and other official bodies in the town, all of whom have shown great courtesy and consideration when dealing with the affairs of the Hospital.

Once again, too, the Committee would offer their grateful acknowledgments to the Board of Management of the Luton and Dunstable Hospital, where the children continue to be received for major surgical operations. Such valued facilities are deeply appreciated, as is the courtesy and ready co-operation of all members of the staff of the Hospital.

In the summer, the Hospital was honoured by a visit by the Chief Guide, Lady Baden Powell, who inspected the Guides and Brownies. Later on in the day the Medical Superintendent and the Matron were guests at a reception given for Lady Baden Powell at Luton Girls' High School.

The Linen Fund has continued to aid the Hospital in the provision of children's clothing, bed-linen, etc., and the Committee are most grateful to all the members of the Fund for this never-failing help.

The Committee would take this opportunity to offer to all members of the staff their grateful appreciation of their hard work and loyal service during the past year. Amidst all the difficulties caused by working in a building not planned for a Hospital, and the increasing shortage of various commodities, the staff have remained cheerful and enthusiastic in their work, and the Committee would like to thank them for their unfailing loyalty to the Hospital.

Alexandra Hospital for Children with Hip Disease

EXEMPTION FROM INCOME TAX ON CHARITABLE GIFTS.

It may not be generally known that income tax is not payable on charitable subscriptions, provided that the Subscriber makes an agreement to continue the subscription for a period of seven years. A form for this purpose will be found on the next page, and if any friends of the Hospital will be good enough to fill up this form, and send it to the Secretary, the Hospital will be able to reclaim from the Inland Revenue Authorities the appropriate income tax. For example, at the present rate of tax, the Hospital can reclaim from the Inland Revenue Authorities on an annual subscription of

£1 1s. 0d.	income tax to the amount of	£1 1s. 0d.
£2 2s. 0d.	„ „ „ „	£2 2s. 0d.
£5 5s. 0d.	„ „ „ „	£5 5s. 0d.

It will be seen, therefore, that on a number of subscriptions the reclamation of tax would make a considerable difference to the total of the Annual Subscription list. Further, by filling up this form, the Subscriber not only enables the Hospital to reclaim income tax, but obtains the right to deduct the gross amount of the subscription from his own sur-tax return.

Any additional information desired with regard to this matter will be gladly supplied by the Secretary upon application.

An Outline of the History of the Hospital.

About the year 1865 two ladies, Miss Jane Perceval, afterwards Mrs. Howard Marsh, and Miss Caroline Wood, were nurses in a children's hospital. At that time there were no special hospitals in London for the treatment of diseases of the bones and joints, and these two ladies saw with concern that the children admitted to a general children's hospital with such diseases received no lasting benefit. Often they required continued treatment for at least two or three years, but no ordinary hospital could keep children for this length of time owing to the beds being needed for more urgent cases, and consequently they were discharged when the more acute symptoms of their disease had abated, but before any real cure had been accomplished. It seemed to Miss Perceval and Miss Wood that the need of these children was a special hospital which could keep them under treatment not only while their disease was in an acute stage, but also until they were permanently cured, even although their stay in the hospital extended to several years. They decided, if possible, to establish such a hospital, and accordingly they interested in their project a Mrs. Whitehead, the wife of a clergyman, attached to St. Anne's, Soho, and a Miss Delf. These four ladies approached the then leaders of the medical profession in support of their scheme.

As a result of the efforts of Miss Perceval and her friends, No. 19, Queen Square, Bloomsbury, was bought, and a hospital called "The House of Relief for Children with Chronic Diseases of the Joints," containing ten beds, was opened on the 12th March, 1867, by the Right Reverend Dr. Ellicott, Bishop of Gloucester and Bristol. So great was the demand for admission, however, that before the end of the year, the number of beds had to be increased to thirty, and five years later in 1872, No. 18, Queen Square, was acquired, and twenty more beds established. The next year No. 17, Queen Square was bought, and the number of beds was increased to sixty, and then in 1887 the last addition to the original Hospital was made, when No. 1, Queen Square Place was purchased, and a further eight beds and isolation wards provided. A photograph of 17, 18 and 19, Queen Square appears facing this page.

In the meantime, in 1870, Her Royal Highness, the Princess of Wales, afterwards Her Majesty Queen Alexandra, had become Patron of the Hospital, and in 1881 by the gracious permission of Her Royal Highness, the name of the Hospital became "The Alexandra Hospital for Children with Hip Disease."

Just before the end of the century the four old houses, built during the reign of Queen Anne, which formed the Hospital, needed such continual and expensive repairs that it was decided to erect an entirely new building in their place. This was done, and on the 20th July, 1899, a new Hospital, a photograph of which appears opposite this page, was opened by Their Royal Highnesses the Prince and Princess of Wales and Princess Victoria. In these premises the work of the Hospital was carried on for twenty-one years, until the close of 1920, when it was decided that the children would do better in the country. The building in Queen Square was therefore sold, and by an agreement with St. Bartholomew's Hospital, sanctioned by the Charity Commissioners, the Kettlewell Convalescent Home at Swanley, no longer used for its original purpose, was placed at the disposal of the patients of the Alexandra Hospital.

Here the Hospital remained until it was transferred in June, 1940, to Stockwood Park, Luton, for the duration of the war.

During the seventy-eight years the Hospital has been in existence it has had three convalescent homes. The first one was at Bournemouth, which was opened in 1874, and subsequently in 1882 named the Helen Branch by permission of Her Royal Highness the Duchess of Albany. This Branch was closed in 1893, and in the same year another was opened at Painswick, in Gloucestershire, which was continued until 1914, when it had to be closed on account of the outbreak of the war. The third convalescent home of the Hospital was the one at East Clandon, which was opened in 1903, and closed in December, 1936.

Original Hospital in Queen Square, 1867-99

Second Hospital, Queen Square, 1899-20

MEDICAL SUPERINTENDENT'S REPORT FOR 1944

IN-PATIENTS

During 1944 the number of beds available for in-patients at Stockwood remained at 75 (as compared with 100 at Swanley). The number of patients admitted during the year, figures giving the average number of occupied beds, and the average duration of stay of patients discharged during the year, will be found in the statistical tables on page 32.

This report deals with patients discharged during the year 1944.

The cases are divided into two main groups: Tuberculous cases and Non-Tuberculous (Orthopædic) cases; of the 55 who left the Hospital during the year, 20 were admitted under Tuberculosis Regulations, and 35 were Non-Tuberculous cases.

TUBERCULOUS CASES

The two following tables, which show the duration and immediate results of in-patient treatment, and the results of the observation of doubtful cases admitted for diagnosis, are drawn up in accordance with the regulations of the Minister of Health as to the records kept by Medical Officers of Institutions approved by him for the treatment of tuberculosis. (Mem. 37/T. (revised), 1930).

ANNUAL RETURN SHOWING THE IMMEDIATE RESULTS OF TREATMENT OF DEFINITELY TUBERCULOUS PATIENTS DISCHARGED DURING THE YEAR 1944.

NON-PULMONARY TUBERCULOSIS: BONES AND JOINTS—CHILDREN.

Duration of Residential Treatment in Hospital					
Condition at time of discharge	Under 3 months	3-6 months	6-12 months	More than 12 months	Total
Quiescent or Arrested	—	—	—	12	12
Not Quiescent ...	—	—	—	1	1
Died in Hospital ...	—	—	—	—	—
				Total	13

RETURN SHOWING THE RESULTS OF OBSERVATION OF DOUBTFULLY TUBERCULOUS CASES DURING THE YEAR 1944

Diagnosis on Discharge from Observation	Stay under 4 weeks	Stay over 4 weeks	Total
Tuberculous	—	—	—
Non-Tuberculous	—	6	6
Doubtful	—	—	—
		Total	6

It will be noted that the total number of patients enumerated in the above two tables is 19, whereas on the previous page it is recorded that 20 tuberculous patients left the Hospital during the year. The patient not included in either of the above tables was a girl who was temporarily transferred to another hospital and afterwards received back at Stockwood for continuation of treatment, and she was not discharged to her home during 1944.

In the following list the cases of bone and joint tuberculosis treated to a conclusion of their stay in the Alexandra Hospital, *i.e.*, the cases enumerated in the first of the above tables, are classified according to the parts affected :—

Spinal column	5 cases
Hip-joint	6 cases
Knee-joint	2 cases
A total of 13 cases.	

NON-TUBERCULOUS (" ORTHOPÆDIC ") CASES

It is mentioned above that 35 cases coming under this heading were discharged during the year. In 7 of these cases, however, the "discharge" was, in fact, transfer elsewhere, either for operative treatment (6 cases) or to an Isolation Hospital (1 case); and in each of these 7 cases the patient returned to the Alexandra Hospital for continuation of treatment. Twenty-eight patients therefore were discharged to their homes at the conclusion of treatment; and in the following table these cases are classified according to the nature of their deformities or disabilities, and the results of treatment are indicated.

Spastic Talipes Valgus, post-traumatic	1	—	—

OPERATIONS

During 1944 the arrangement continued whereby patients needing major surgical operations were temporarily transferred to the Luton and Dunstable Hospital for operation, and received back again at Stockwood afterwards. Six patients were so transferred during the year, and the operations carried out in these 6 cases are set out in the following list :—

Osteotomy, sub-trochanteric	1 case
Steindler's operation	2 cases
Tendon lengthening, open, of T. Achillis... ..	4 cases
Tendon transplantation, of adductor hal- lucis	1 case
	—
	8 cases

The operative procedures carried out at Stockwood were limited to manipulations, minor operations, and dental operations. A list of these follows :—

Amputation of toe	1 case
Dental extractions	22 cases
Excision of ganglion	1 case
Excision of metatarso-phalangeal of toe (" Spike operation " for Hammer Toe)				1 case
Insertion of Steinmann pin		1 case
Manipulation of feet	8 cases
Manipulation of Hip	9 cases
Reduction of congenital dislocation of hip-joint	1 case
Removal of adenoids	1 case
				—
				45 cases
				=

INFECTIOUS ILLNESS

One case only of notifiable infectious illness occurred amongst the children in the Hospital during the year, namely, Scarlet Fever ; this patient was temporarily transferred to the Isolation Hospital, Luton.

OUT-PATIENTS .

The Hospital's Out-Patients' Department at St. Bartholomew's Hospital, closed at the outbreak of war, was not re-opened during 1944, but a few patients who were able to attend at Stockwood, 7 in number (making 16 attendances in all), were seen. Of the four Kent County Council Orthopædic Clinics formerly operated from Swanley, that at Sevenoaks, with its subsidiary Treatment Clinic at Petts Wood, is still the only one for which the Alexandra Hospital staff has full responsibility ; but the nursing and treatment by massage, etc., at the Ashford and Sittingbourne Clinics remains in the hands of a Sister and Physiotherapist of the Alexandra Hospital staff. Statistical matter relating to these clinics will be found in the Annual Report of the Kent County Medical Officer.

EXECUTORS.

One Executor of every Will giving a Legacy of £100 and upwards shall be an Honorary Life Governor of the Hospital, and shall be entitled to one In-patient's Letter annually for each £100 of the Legacy.

PRIVILEGES OF SUBSCRIBERS.

No Contribution made to the Charity is subject to any poundage or deduction whatever.

The Contribution of

An Annual Contributor is ... **From One Guinea.**

For each guinea subscribed the Subscriber may obtain one letter, which gives In-treatment free for the first week for Private Patients.

A Life Contributor **Thirty Guineas.**

This Contribution entitles the Donor to one In-Patient's letter annually during life.

Annual Contribution to maintain a Bed (which may be named)	£30
--	-----	-----	-----	-----	-----	-----	-----	------------

Benefaction to endow a Bed during the life of the Donor	...	£300
---	-----	-------------

Benefaction to endow a Bed in perpetuity	£500
--	-----	-----	-----	-------------

Benefaction to maintain a whole Ward (10 Beds) for a year	£300
---	-----	-----	-----	-----	-----	-----	-----	-------------

To name a Bed	£200
---------------	-----	-----	-----	-----	-----	-----	-----	-------------

Benefaction to name a Ward in the Hospital	£1000
--	-----	-----	--------------

These Contributions carry, in addition, all the privileges of recommendation.

For Form of Bequest by Will, see next page.

In Memoriam.

THOSE who wish to establish Memorials to dear ones passed away, and by that means to help forward a most deserving philanthropic work, are earnestly invited to avail themselves of these opportunities.

Legacies are greatly needed.

FORM OF BEQUEST BY WILL OR CODICIL.

I BEQUEATH *to the Treasurer, for the time being,*
of THE ALEXANDRA HOSPITAL FOR CHILDREN WITH
HIP DISEASE, *the sum of*.....
free of all Duty, to be applied to the general purposes
of the said Hospital.

N.B.—By the Mortmain and Charitable Uses Act, 1891, property of all kinds, including land of any tenure, and also including money lent on mortgage and the securities therefor, may now be lawfully given to Charitable Institutions by Will.

The above form may be readily adapted to Gifts of Land or other Property.
